The **Sunseeker Predator 84** is made to combine sportiness and style without sacrificing space and comfort. Elegant and fast, it is the perfect blend of beauty and power. Most of the boat has been tailor made, taking care of every detail to achieve an interior and exterior without equal in its length.

Predator's interior layout sleeps up to eight guests in four cabins. A sumptuous master cabin equipped with a large bathroom and dressing room, a generous VIP cabin with dressing room and spacious bathroom and two twin cabins; one of them with a queen bed and the other with two singles, both with their respective en-suite bathrooms.

In the living area, the most exclusive materials have been used, achieving an exquisite decoration and harmony. With a custom configuration, it has been equipped with a layout that makes it much more spacious and elegant. The hard top sliding roof allows natural light to flood the interior offering a sense of freedom and sportiness when sailing unique in these boat lengths.

On the outside, in addition to its characteristic colors, stand out the custom stern table that allows to comfortably accommodate eight guests, a custom sport flybridge without helm station to provide more space and privacy and both a stern solarium and one in the bow with a dinette.
